Good Evening Mark:

I was able to get verbal approval for funding to start up our work at Niagara Falls Boulevard. Due to the timing of getting my contractors in place and the necessary planning, we are rescheduling our mobilization date to May 31st.

I will send you the updated fact sheet once it's revised.

Thanks

Regards,

Eric

Hi Mark. The survey stakes are for property boundary identification and not necessarily where environmental surveys or cleanup will occur. I will send you a fact sheet to distribute to your patrons this week. Does that work for you?

Regards,

Eric

Hey Eric,

I have some of our attendees asking about the survey stakes so I just wanted to ask if it is still too early to announce the plans that are being put together by your office?

Or should I just mention that there is testing going on?

Thanks for you help.
